

CORRIGENDUM

“SUSTAINABLE HOUSING DEVELOPMENT IN CHINA: DOES FINANCIAL INSTITUTIONS OVERCOME THE RISKS AND CHALLENGES TO SUSTAINABLE HOUSING?”

(<https://doi.org/10.3846/tede.2024.20581>)

Shaodong MA

Shaodong Ma, author of the article “Sustainable housing development in China: does financial institutions overcome the risks and challenges to sustainable housing?”, published in *Technological and Economic Development of Economy*, 30(3), 627–645, <https://doi.org/10.3846/tede.2024.20581> informs that in the article some references are not strongly related to the content, and require refinement.

Page 627:

The first sentence of the first paragraph in Section 1 states:

Housing is one of the main emphases that require exigent policies for sustainable development (Adabre et al., 2022; Aragonés Pérez et al., 2020; Girgin, 2020).

It should be:

Housing is one of the main emphases that require exigent policies for sustainable development (Adabre et al., 2022).

The sixth sentence of the first paragraph in Section 1 states:

Chin is one of the countries having huge population (Antelm-Lanzat et al., 2020; Arrieta, 2020; Chen et al., 2019; Vengesai & Muzindutsi, 2020), therefore, sustainable housing development is a challenge for Chinese government.

It should be:

China is one of the countries having huge population. Therefore, sustainable housing development is a challenge for Chinese government.

Page 628:

The third sentence of the second paragraph in Section 1 states:

China has taken various measures at national level to overcome various challenges of sustainable housing (Ahmed et al., 2020; Malla & Brewin, 2020; Mesić et al., 2021), but the problem is still needed to address.

It should be:

China has taken various measures at national level to overcome various challenges of sustainable housing (Ahmed et al., 2020), but the problem is still needed to address.

The fifth sentence of the second paragraph in Section 1 states:

The crucial challenges facing by the sustainable housing is based on the economic requirements and environmental requirements (Adabre et al., 2022; Gorbaniuk & Zalinski, 2019; Hasanov et al., 2019).

It should be:

The crucial challenges facing by the sustainable housing is based on the economic requirements and environmental requirements (Adabre et al., 2022; Hasanov et al., 2019).

The eleventh sentence of the second paragraph in Section 1 states:

Therefore, along with the other issues, the fulfillment of economic requirement is most crucial (Adabre et al., 2022; Lee et al., 2021; Orero-Blat et al., 2021).

It should be:

Therefore, along with the other issues, the fulfillment of economic requirement is most crucial (Adabre et al., 2022).

The twelfth sentence of the second paragraph in Section 1 states:

The second most crucial challenge is the fulfillment of environmental requirement (Qin et al., 2021; RollnikSadowska & Jarocka, 2021; Susilo & Oclarino, 2022).

It should be:

The second most crucial challenge is the fulfillment of environmental requirement (Susilo & Oclarino, 2022).

The fifth sentence of the third paragraph in Section 1 states:

Banks can support various bodies to purchase sustainable construction material through green financing (Wang et al., 2021; Muller & Klerk, 2020; Nagy, 2021; Özigci, 2020).

It should be:

Banks can support various bodies to purchase sustainable construction material through green financing (Wang et al., 2021).

The seventh sentence of the third paragraph in Section 1 states:

Most of the banks provide green financing Zhang et al. (2022) and Mičik and Kunešová (2021); based on the environmental concern and to fulfil their social responsibilities.

It should be:

Most of the banks provide green financing (Zhang et al., 2022) based on the environmental concern and to fulfil their social responsibilities.

Page 629:

The third sentence of the first paragraph in Section 2 states:

Sustainable housing further denotes to construction, which is energy effective, comfortable for living, well-organized waste disposal system and alternative source of energy (Kumari, 2022; He et al., 2022; Karas & Režňáková, 2020).

It should be:

Sustainable housing further denotes to construction, which is energy effective, comfortable for living, well-organized waste disposal system and alternative source of energy (Kumari, 2022; He et al., 2022).

The sixth sentence of the first paragraph in Section 2 states:

Hence, it is very significant to develop sustainable housing (Chen et al., 2007; Mamghaderi et al., 2022; Milosevic et al., 2021).

It should be:

Hence, it is very significant to develop sustainable housing (Chen et al., 2007).

Page 630:

The last sentence of the first paragraph in Section 2.1 states:

By taking loan from the banking industry, the construction companies manage capital requirements and achieve higher performance (Chan & Adabre, 2019; Stump, 2021).

It should be:

By taking loan from the banking industry, the construction companies manage capital requirements and achieve higher performance (Chan & Adabre, 2019).

The corresponding references need to be removed from the reference list.
