

THE RESEARCH JOURNAL *TRANSPORT*: PEER-REVIEWING PROCESS IN 2016

Olegas Prentkovskis¹, Raimundas Junevičius²

¹*Editor-in-Chief of the Research Journal TRANSPORT, E-mail: olegas.prentkovskis@vgtu.lt*

²*Managing (Associate) Editor of the Research Journal TRANSPORT, E-mail: raimundas.junevicius@vgtu.lt*

The research journal *TRANSPORT* is published by Vilnius Gediminas Technical University in partnership with the Lithuanian Academy of Science and Taylor & Francis

15 December 2016

TRANSPORT is a peer-reviewed research journal. To peer-review manuscript submissions, the research journal *TRANSPORT* uses the interactive system *ScholarOne Manuscripts* (formerly known as *Manuscript Central*, <http://mc.manuscriptcentral.com/stra>).

All manuscripts submitted through *ScholarOne Manuscripts* are peer-reviewed by members of the Editorial Board or appointed experts. The minimum number of score sheets (peer-review forms filled by reviewers for each submitted manuscript) amounts to three and the average number of score sheets (peer-review forms) is 3.7 in 2016.

Decision ratios of submitted manuscripts in 2011–2016 (source: *TRANSPORT ScholarOne Manuscripts*, data until 15 December 2016) are presented on Fig. 1. Decision ratios of submitted manuscripts in 2016 (source: *TRANSPORT ScholarOne Manuscripts*, data until 16 December 2016) are presented on Fig. 2.

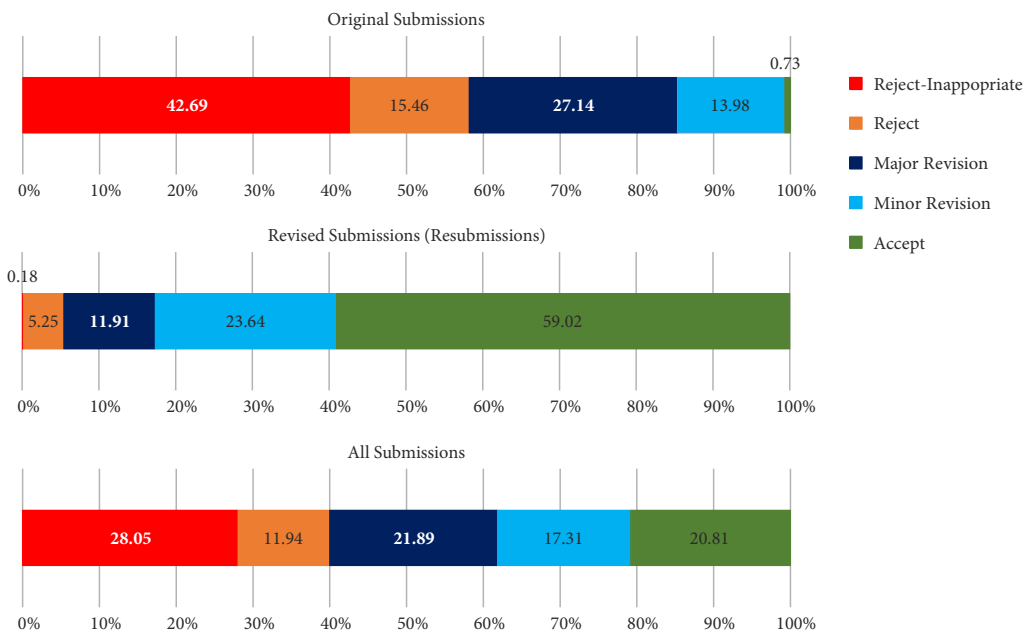

Fig. 1. Decision ratios of submitted manuscripts in 2011–2016
(note: ‘revised submissions’ follows ‘minor revision’ or ‘major revision’ after ‘original submissions’)

This article has been corrected since first published. Please see the statement of correct (<https://doi.org/10.3846/16484142.2017.1284303>).

(note: ‘revised submissions’ follows ‘minor revision’ or ‘major revision’ after ‘original submissions’)

Success and quality of the research journal TRANSPORT depends to a large extent on the activity and performance of its Editorial Board and Reviewers. Reviewers are scientists who volunteer to contribute to the improvement of the quality of transport engineering and transport management fields by guiding authors in their efforts to publish their research outputs that help to enlarge the scientific content of the research journal TRANSPORT, for which we feel truly grateful.

Thus, *on behalf of the Editorial Board of the research journal TRANSPORT we would like to express our gratitude to the following reviewers* (Table) for their important contribution to the quality of scientific articles submitted in 2013–2016 (accepted in 2014–2016), which were peer-reviewed and part of them – published in TRANSPORT 31(1, 2, 3, 4) 2016 or as ‘Article in Press’ (Latest Articles on www).

Table. List of reviewers of scientific peer-reviewed articles submitted in 2013–2016 (accepted in 2014–2016 and published in TRANSPORT 31(1, 2, 3, 4) 2016 or as ‘Article in Press’)
